STAT [redacted]

Your recent letter to the Director of Central Intelligence offering to be of service to this Agency has been forwarded to me for reply.

Our needs for new personnel except in the clerical and junior officer categories are quite restricted although there are occasional openings for specialists with particular attainments in our fields of work. We have explored with interested officials of the Agency the possibilities of an opening which would take advantage of your language abilities and area knowledge but there appears to be nothing on the horizon along this line.

We appreciate your interest in working with us and regret that we cannot be more encouraging in response. We hope that some of the other avenues you are exploring may lead to some immediate opportunity for you.
